THE UNIVERSAL CAR

The Ford One Ton Truck may well be classed as an agricultural necessity, it fits into and fills so many wants on the farm. It is a reliable bearer of farm burdens, not only doing the work of several horses quicker and better than the horse, and does not "eat its head off" when not working. The aggressive farmer has only to consider the possibilities of the Ford Truck and he is ready to buy one. We judge this to be so from the way farmers are buying them. Truck Chassis \$550 f. o. b. Detroit.

## REAL ESTATE NEWS.

Twenty thousand dollars worth of realty changed hands in Columbus proper during the past week. The sales were those of homes, people who have rented for years having purchased to provide themselves homes on the first of September, when the rental year ends.

The demand for homes for rent has far surpassed the supply. The sale of property is removing much of the same from the rental class and people who have come here and who have been sold from under are scurrying for places to live. The advent of buildings is here and many homes are being projected. There are several large remodeling contracts which are occupying the builders and giving employment to all of the mechanics and there is an era of large prosperity and advancement here. The demand for homes is better than it has been for twenty years and the demand is increasing daily. For those who are looking for homes we offer the following:

The Winston home on South Third street, in the best neighborhood. Corner lot, eastern exposure, beautiful shade, fine, large, roomy home, modern conveniences, stable, servants' house, good garden spot, select neighborhood. Offered \$4,500 for it; \$4,750.00 will get it. Don't pass it up.

What is known as the Hull cottage on west side of the postoffice square. Located on South Third street. Modern bungalow with all improvements. Rented until the first of next January, but it can be bought at a bargain if purchased this week. \$1,000 down get it and the balance on liberal terms at six per cent.

The beautiful new brick, two-story Hubert home on South Third avenue. Two stories, nine rooms, four bedrooms upstairs, modern, new, good neighborhood, all conveniences and possession on the first of September. Price \$7,500.00. A bargain.

The Ab. Cook cottage on the Military road is offered at a bargain. The Brookshire cottage across the street has been sold. The Cook cottage is offered at a bargain price.

One of the finest properties in the city offered for sale is the E. C. Grace home on Military street. The location is the best. The property has all modern conveniences and improvements, stable and barn, beautiful, large garden spot of rich land, and the home is beautiful inside. It can be bought for \$5,000 if taken within the next few days. A rare bargain. See us or phone us today.

The Henry Davis brick veneered cottage at the corner of North Fifth avenue and 11th street. This is one of the finest homes in the city for some colored man. See us for price and terms.

The home of Mrs. Wade Lynch, corner of Second avenue and North 17th street. Five rooms, hall and room for bath, lot 165x165 feet. A close price on this for a quick sale.

## NEGRO NORMAL IN SESSION HERE.

Negroes. From Many Counties Attending Summer Normal Here.

The negro normal for school teachers opened the past week in this city at the Union Academy, and the attendance has passed the hundred mark. The normal is being ably directed by Prof. Dabney Lipscomb, who is also acting as instructor.

Negro teachers from Lowndes and adjoining counties are attending the normal.

A most comprehensive course is being offered the teachers, including Domestic Science, Education, Agriculture, School Management and the elementary and advanced courses.

Prof. Woodley, superintendent of the city schools at Hattiesburg, will deliver a series of ten lectures during the normal session, on the subject of Thrift. He will deliver a similar series at all of the State normals.

Dr. J. W. Lipscomb of this city is delivering a series of lectures on Health, Hygiene and Sanitation, under the auspices of the National Board of Education.

Prof. Bura Hilbun, director of negro education in Mississippi, and State Superintendent W. F. Bond, are expected to visit the normal before the close.

## PAPER WEDDING CELEBRATED.

One of the prettiest and most enjoyable entertainments of the summer was given last Tuesday evening, from six to eight, at which Mrs. R. T. Smallwood was the charming hostess to twenty-five of her neighborhood friends. The occasion was the celebration of her second wedding anniversary, her "paper wedding."

The beautiful Durrett home on South Fourth street was thrown open for the occasion, and a profusion of cut flowers, potted plants and ferns formed the lovely decorations.

Mrs. Smallwood was assisted in receiving by Mrs. Durrett, Mrs. Gaston Benton and Mrs. John Jones.

Cards and other games were played. Miss Mary Clarke received the prize for making top score, and Mrs. Benton the consolation. Mrs. W. H. Goodson was awarded the prize for excellence in the flower contest.

A delicious ice course was served by Misses Altie and Wilda Frances McGahey and Miss Gladys Durrett. Miss Gladys Moore was in charge of a wonderful display of gifts received by the "bride" throughout the day.

Mrs. Jones sang "Sing me to Sleep," accompanied by Mrs. Bucks, while Mr. and Mrs. Smallwood, with their infant daughter took their places where, after the song was finished, each guest bade them good-night, and assured them of a delightful evening.

## MODERN CREAMERY AND ICE CREAM PLANT.

A Dispatch representative was shown through the new plant of the Columbus Ice Cream and Creamery Company, at the corner of Sixth St., and Second avenue, South, one afternoon the past week. It was a revelation of modern and fine equipment, installed and in successful operation, and it is a credit to the city and promises to become one of our most valuable industries.

Mr. Dee Cox has associated with him as a partner, Mr. W. G. Gray, a graduate of the Dairy Department of the A. & M. College, who is a practical dairyman, and with Mr. Gray in charge of the practical operation of the plant, and Mr. Cox in charge of the business end, they have an admirable combination.

The plant represents everything up-to-date in a dairy and ice cream factory. To show the capacity of their creamery, they shipped the past week to St. Louis one shipment of butter, aggregating 2800 pounds, while the capacity of their ice cream plant is six hundred gallons a day.

They are now shipping around three hundred gallons of cream to the Columbus trade territory and considering that this is one of the infant industries of the city this is a wonderful record.

The plant is equipped with a large refrigeration plant, electric churns, electric butter fat testers, cream separators, one of the finest Pasteurizing plants in the South, milk bottling plant with a capacity of 2000 bottles a day, butter moulding machines, and everything necessary and required in modern creamery and ice cream operation.

A feature of the plant is its sanitation. It is screened and the conveyors carry the milk through pipes from one machine to another. The milk is not touched by hand from the moment it is unloaded in their shipping room until it comes out in the finished product. The large Pasteurizing machine absolutely destroys any germ which the milk may contain, and the entire product of both creamery and freezing plant is clean, sanitary and healthful.

The business of the concern is growing daily and when the people of the city and county realize the market that they have for their herds,

and the clean and sanitary and healthful products furnished them from this plant, its volume of business will constantly expand.

## CARROLLTON LETTER—Continued.

Miss Della Davis, of Gordo, was the attractive guest of Miss Clara Kilpatrick during the past week.

Two white men were convicted in the county court Monday of violating the prohibition law of this state. The first going to trial was Charlie Herndon, who was charged with having in his possession a quantity of beer ready for distilling, which was captured by the sheriff and a deputy last week at his home four miles north of Carrollton. After hearing all the evidence in the case, Judge Robinson considered him guilty, and he appealed the case in the circuit court. Next up was Hurley Bailey, a young man who resides south of Gordo. He was charged with illicit distilling, a still having been found of one hundred yards of his house, and although he denied any knowledge of its presence, he was bound over to await the action of the circuit court. The still captured on the premises of Mr. Bailey was of seventy-five gallon capacity.

Mrs. B. T. Jones, of Geiger, is expected to arrive in the city Wednesday for a stay in the home of her cousin, Mrs. F. H. Williams.

Mr. John Norwood and Mr. Haver Williams were in Columbus Monday on business.

Mr. Billie Coleman, of West Point, who will be remembered by many of the older people as a former resident of the county, was here to enjoy the Fourth, and remained over until Sunday with his nephew, Mr. T. J. Moore.

Miss Essie Phillips and Misses Laura Taylor and Bulah Lee Hinton, who are students of the summer school at the Normal college in Livingston, spent the week-end with their relatives in the city.

## VETERAN'S BARBECUE.

The members of the Isham Harrison Camp, Confederate veterans, will give their annual barbecue Friday. It will be held either at the M. V. Friday place or at Lake Park. Messrs. John Wells and Gus Myrick compose the committee of arrangements, and a most enjoyable time is anticipated by the veterans.

Mr. Tom Tate, of Brooksville, was among the prominent visitors in the city Friday.

Mr. John Popodopolus, proprietor of the Bell Cafe, returned Friday from a business trip to New Orleans.

## NOTICE TO THE PUBLIC.

The spinning room of the Tombigbee Cotton Mills struck Monday morning at 9:30 for better wages, and they went to work Wednesday morning for a small raise, but are not satisfied and think we will get better in a few days. The weaver's and card room hands got a small raise but they did not want any raise. We understand that the officials say that they are paying as much here as they are anywhere. But they are mistaken. The spinners here make about \$10 a week, and spinners at other mills make \$11 and \$12 and doffers at other mills make from \$16 to \$25 a week.
